Future Bulldogs and Parents:

I would like to personally invite you to attend our **24th Annual Future Bulldog Camp**. Over the past twenty years, we have had over 5,000 young people attend our camp. It has become a great tradition in our schools and community. Many of those same young people have later become outstanding athletes and students at Chelsea high school. The focus of our camp is to provide a fun learning experience for all who attend. The camp will provide a chance for all campers to learn the fundamentals of the great game of football. In addition, there are daily competitions, awards, prizes, and lots of fun. Along with our coaching staff, many of our players will be there to help instruct at the camp. It is a great way to get to know our players, coaches, and our football program in general.

Campers only need to bring themselves. Shorts and t-shirts are worn, as this is a non-contact camp. Campers do not need cleats. In addition to the camp, everyone will receive a camp T-shirt, a Chelsea football poster, and other prizes. Students currently in k-2nd grade will attend Monday/Tuesday on June 13/14 from 10-12 AM, and students currently in grades 3,4, and 5 attend the morning session. Students currently in 6 and 7 grades attend the afternoon session. Each camp is tailored to their age group. The 6 and 7-grade sessions will also focus on preparing them for middle school football. Look for more information coming this spring!
